THIS BRONCO HAS A CUMMINS 5.9 LITER Diesel engine !!

It also has a "Pull Rite" 70 degree "arc" trailer hitch for pulling long trailers without trailer sway. The transmission is the large block unit, fully rebuilt with trailer towing "guts" about 20,000 miles ago. It gets

around 18 MPG unladen, and I've pulled many trailers across the country with this truck.

This is a "one of a kind" vehicle, which is why the price. I have over \$18K in it, but am buying a house which is the ONLY reason it is for sale. PLEASE, no low ball offers, etc.

The truck is in Los Angeles, registered in Oregon, and can be registered any place where there are no restrictions on modified vehicles.

If you are serious, we can make arrangements for you to see the truck.

A/C ice cold, All scheduled maintenance, All records, Looks & drives great, Mostly highway miles, New tires, Non-smoker, Title in hand, Upgraded sound system, Well maintained.
